THE FLYER

Newsletter of the Robins AFB Post: Society of American Military Engineers

Preview of the April 2018 SAME Presentation. This presentation will be given by a panel of engineering professionals who will be talking about professional licensing.

Do you have questions about professional licensing like what is the process? What are the requirements? Is it worth it? Come ask our experts this Wednesday, April 18th.

Mark your calendars for this event! The Robins AFB SAME Post will be hosting an exciting panel of guest speakers that will talk about the pros/cons and their own personal experience with the professional registration process. Speakers include Mr. Mike Coats, a SAME Fellow, of the Robins AFB Energy Office, Mr. Marshall Wall, Chief of the 78th CEG Engineering Division, and Mr. Darren Mickler, Executive Director for the Licensing Division of the GA Secretary of State Office.

SAME MISSION

"To provide education and support to the engineering components of the military and uniformed services, and other federal, state and local government agencies responsible for the nation's infrastructure, and to advance the partnership between government and the architecture, engineering and construction industry in the interest of national security."

SAME VISION

"To be a premier global engineering organization leading the professional and personal growth of all members in support of military readiness and development of solutions to national security challenges."

The STEM Corner

Numerous Opportunities for Volunteering!

The Call for Volunteers is out! There are several opportunities for volunteering for STEM events for our post members including:

Museum of Aviation: Needed: 2-4 career fields volunteers to help with their summer camps from 10:30am to 12:30pm on June 4th and 11th. Volunteers would talk about their career field and show a few tools of the trade and then assist students with a STEM project. Please contact Captain Garrett Chesonis (garrett.chesonis.2@us.af.mil) or call him at (478) 327-1062) if interested.

The National STEM Academy at the Museum of Aviation is in search of volunteers to help erect a portable storage building. If interested, please contact Capt Chesonis for more information.

Young Astronauts' Day: This is an annual event for students Grades 1-8 to participate in three different age appropriate STEM workshops at the Museum of Aviation. The event is scheduled for Saturday, May 5 (8am to 2:30pm). Volunteers are needed for Group and Flight Leaders. There is training available on April 25th (4pm). Interested? Please contact Ms. Candi James at cjames@museumofaviation.org or call her at (478) 926-5558.

Post Positions Available

Would you like to get more involved in SAME? Want to be part of an organization that caters to engineers and engineering related careers? Would you like to work with the youth to promote STEM opportunities? Well, look no further as your local post is looking for people to fill in a few vacancies in our Board.

Vacant positions include Director of Events/Small Business and the Director of Memberships (Individual and Sustaining Members) but we are always looking for people to help out so if you are interested, please talk with any of our board members today!

The next Robins Post General Meeting will be held on **18 April 2018 at 11:30 am**. The meeting will be held **OFF BASE** at the China Buffet (605 Russell Parkway, Warner Robins 31088). All are welcome.

Job Postings

A few of our Sustaining Members have several positions available within their firm. Details for these positions and how to contact their offices are listed below.

Raymond Engineering-Georgia, Inc.:

Engineer I—Conyers, GA: Job duties include performing entry and mid-level assignments such as assessments, investigations/analyses, calculations, designs, and construction administration duties associ-

ated with building envelope systems as a member of a consultation/design team. The candidate will perform building envelope observations and review material submittals for compliance with the contract requirements.

Engineer II—Conyers, GA: Job duties include performing mid-level analytical, estimating and scheduling assignments as a member of an implementation consulting team. Will provide day-to-day management of schedule & provides day-to-day work product & ensures compliance with customer's intent and will review construction documentation for material submittals. Preferred to have PE License.

Senior "Structural" Engineer—No Specified Location: Job duties include overseeing negotiation of delivery/task orders & design of services & tasks, planning & organizing resources to accomplish analytical tasks, developing designs of commercial building structural systems for new and existing buildings, will have working knowledge of structural materials & is adept at implementing them within a design. The candidate will plan, organize, and oversee work efforts; assign & manage resources, supervise personnel; ensure quality management, & monitor overall project & contract performance and will develop design documents narratives & reports & seals all outgoing professional documents, plans & specifications.

For more details and required qualifications for these available positions, please visit raymoundllc.com. Resumes should be sent to Ms. Janice Reilly at janice.reilly@raymoundllc.com.

COLSA Corporation:

Headquartered in Huntsville, Alabama, and founded in 1980, COLSA provides the latest and most sophisticated engineering, programmatic, and information technology products and services to a variety of government and commercial customers. Currently, there are three positions available at Robins AFB, GA. The positions are Propulsion Systems Integration Engineer Senior, System Integration Engineer SME, and Senior Avionics Integration Engineer. Please visit <https://colsa.silkroad.com/> for more details on job details and qualifications for these positions. There is potential for a sign-on bonus OR relocation assistance!

UPCOMING DATES FOR 2018:

18 April: 1130 Hours: The Robins AFB SAME Post will be hosting a panel meeting to discuss the how to/pros/cons/Q&A of professional accreditation.

16 May: 1130 Hours: Open Forum/Town Hall meeting. Details to come on this event.

20 June: 1130 Hours: A presentation on GIS elements will be giving by Clark-Nexsen.

18 July: 1130 Hours: HQ AFRC will be presenting their annual Programs Overview to the Post.

15 August: 1130 Hours: The 78 Civil Engineer Group will be giving a Programs Overview.
