

THE FLYER

NEWSLETTER OF THE ROBINS AFB POST:
SOCIETY OF AMERICAN MILITARY ENGINEERS

The Monthly Mentor

There will be a mentoring session held at 11:00 a.m. prior to the monthly meeting on May 25th. Open to all, and conducted this month by Ms. Nancy Manley, Chief, Engineering Flight, 778 Civil Engineer Squadron.

The topic descriptor is steps young engineers need to take to prepare for the PE exam - from just before graduation to taking the exam.

Nancy has asked for participation by any member PE's that would like to join in the discussion.

Proposed changes to the SAME Robins Post Constitution & By-Laws are now posted on the Post website. Please take a look through them at:

[http://www.samerobins.org/Documents/Robins%20SAME%20Constitution%20\(final\).doc](http://www.samerobins.org/Documents/Robins%20SAME%20Constitution%20(final).doc)

There will be a vote at the 25 May general meeting by all SAME members present to officially accept them for *your* Post.

Happy Hour

Every 3rd Friday of the Month, all SAME members, both young and seasoned, are invited to meet at the Wellston, behind the Officer's Club, for a drink or two.

From the "Ask Marilyn" column, Sunday, 1 May 2005 in Parade magazine..."But the occupational group most responsible for modern society is engineers, who should win a "most underappreciated" award. They have designed and built our entire infrastructure: roads, bridges, waterworks, power lines, communication systems, schools, hospitals and just about every house in the country."

Please Note...

Monthly Meeting Date Change!

The May Monthly SAME Meeting will be on 25 May not 18 May, due to the SAME 2005 Joint Engineer Education & Training Conference and Expo in Louisville, KY 17-20 May.

What's Going On...

**Wednesday 25 May 2005
in the Atrium of the
Robins AFB Officer's Club**

11:30 a.m. Regularly Scheduled Meeting

**Guest Speaker:
Mr. Darren Mickler,
Executive Director,
State Board of Registration for
Professional Engineers and Land
Surveyors**

Mr. Mickler will give a presentation based on the current policies that have been put in place by the State Board of Registration regarding our professional licenses. He will provide a handout of the policies and, following the presentation, open up for discussion and questions. Important to many in the audience, he will also speak briefly about experience requirements as they relate to military engineers.

Post It Notes

Hearty Congratulations!

Please join us in congratulating our own Ms. Nancy Manley in garnering several recent awards.

She was notified 26 April of her selection as a National Society of Professional Engineers Fellow.

On 9 May the American Society of Civil Engineers (ASCE) gave notice she had been selected to receive a 2005 Government Civil Engineer of the Year Award for sustained outstanding civil engineering performance in government service, being a leader and steward for our environment, and mentoring young people regarding the profession. It will be presented, at ASCE's Annual Conference in October.

Also on 9 May she received a message that her nomination to the rank of Fellow and induction into the SAME Academy of Fellows was approved. The Investiture ceremony is in November.

Earth Day Golf Tourney - By Line -

Twenty teams stroked their fortunes on April 21 – only one put it all together... the winning foursome: Tallie Daniel, Teddy Glover, Tyrone Daniel, and Nelson Rosa.

Congrats!
